LIBERTY LAND

[@] arxiv: all the features in the plugins and commands = author's build. i suggest  
you try to make the withdrawal = it is very beautiful :)

## SERVER ECONOMY

The game currency of the server is Satoshi (the smallest part of Bitcoin)

Sending and withdrawal of funds works through Lightning Network, which allows you to make transactions in seconds

You can transfer Satoshis to your balance by using `/Indeposit <number>`

You can also withdraw Satoshis from your balance using `/Inwithdraw <number>`

To transfer funds to another player enter the command `/pay <username> <number>`

To check your balance, write `/balance`

More details about Bitcoin sathoshi and how it works can be found in this QR Code, just →  
scan it
